Fintech Select Announces Strong Quarterly Financial Results

Toronto, ON, May 30th, 2023 – Fintech Select Ltd. (“**Fintech Select**” or the “**Company**”) (TSX-V: FTEC) is pleased to announce financial results for the quarter ended March 31, 2023, wherein the Company achieved a net profit of \$454,600. In addition, while anticipating some revenue ebbs and flows on account of ordinary seasonality, management remained confident in continued profitability for the Company for the foreseeable future. To the Company, this robust financial performance reflects the next stage of its growth, which follows on a concerted effort by management to cleanse its balance sheet and to renegotiate supplier and other contracts in efforts to better streamline costs and liabilities. Among the catalysts for the Company’s financial growth was its business customer service center, which the Company feels is capable of continuing to deliver consistent and stable recurring revenues.

“Our latest quarterly financial results are a testament to our persistent mantra that starting with a laser focus on cleansing and maintaining a healthy balance sheet will then pave the way for strong opportunities in sustainable growth and business development. We feel these financial results serve as a true testament to our philosophy in action.,” said Mohammad Abuleil, CEO and President of the Company. “We are proud of the milestones we have reached, and it is gratifying to see our efforts translate onto the bottom line.”
